See Report

Checklist:

- _____ Provide to the Township 5 copies of the Engineered SWM Site Plan (SWM Ord Sec IV)
- _____ Provide to the Township, 2 copies of all supplemental data
- _____ filing fee

The Township will forward information onto the Township Engineer for review. If this application is in association with a land development/subdivision project, copies will also be forwarded to the Township solicitor.

By signing this application:

Landowner/Developer have been made aware that they may not commence development/land disturbance of the property and may not commence excavation, earthmoving, grading, or construction until a Storm Water Management Site Plan has been recorded in the Office of the Recorder of Deeds and proof that the Lancaster County Conservation District has reviewed and approved a plan delineating the proposed Erosion and Sedimentation Controls.

Landowner/Developer and the Applicant's Engineer certify that all facts in the application and all accompanying documentation are true and correct. This application is being made to induce official action on the part of Martic Township, and we understand that any false statements made herein are being made subject to the penalties of 18 Pa. C.S. Section 4904 relating to unsworn falsification to authorities.

Landowner/Developer has been made aware and understands and agrees to reimburse _____ Township for the Township's engineering review, inspection(s), recording and attorney fees incurred by _____ Township.

Landowner/Developer has been made aware and understands that once an application and a SWM Site Plan have been submitted, all communication between the Landowner/Developer, _____ Township, the Township's engineer and solicitor must go through Landowner/Developer's engineer. Landowner/Developer's engineer will forward any questions onto the Township's engineer and/or solicitor. In turn, the Township's engineer and/or solicitor will respond directly back to the Landowner/Developer's engineer.
