### GENERAL PUBLIC

**Mrs. Clancy:** Did you get to post the supervisor position online? When you're approving the bills, I believe the bills should be listed in some form. So, it's more transparent about what is being paid by the township. Other townships list the bills prior to approval so that we are aware of what's being spent. There is ongoing concerned about how the lawsuits are continuing and not being settled. It's fragmenting our relationships with our neighboring townships.

**J. Berry:** I did meet with him, and we were too far apart.

**Mrs. Clancy:** How much are we paying in legal fees?

**J. Berry:** I say \$35,000? That's everything. From conditional use hearings, to zoning issues that the solicitor has to be involved in.

**Ray Clare:** Again, my letters. I've been on the phone a couple times, anything with this fire company deal?

**J. Berry:** They said that they are dealing with it. They're talking to their attorney about it.

**Hershey Jr:** And I will correct you about something, when Ron said he would be interested in it. The first thing I said, I don't know, that may be a conflict of interest. I had that gentleman right (John Berry) there called the attorney to find out, not me. I didn't call the attorney. We waited and waited, and we listened. I looked around for people.
